ESCAPE

AN ALL-SEASON, LAYER-ON-LAYER COLLECTION FOR ACTIVE HUNTS

A layer-on-layer collection of hunting wear available in the revolutionary REALTREE ESCAPE™ camouflage, blending the best of Deerhunter's signature functionality with Realtree's extensive experience in perfecting camouflage patterns. The Escape range is also available in a solid green colour.

Packed with signature functionality including Deer-X-Dura reinforcement to deliver extra protection where you need it most, four-way stretch material for maximum flexibility, freedom of movement and a good fit, the highly breathable Deerhunter Stormliner® membrane for comfort when active and water repellent treatments to guard against nature's forces, it also features Deerhunter Silent fabric that reduces friction and minimises noise, allowing you to get closer to the game, undetected.

EXCAPE WINTER GLOVES

APPROACH

DESIGNED TO GET YOU CLOSER ON THE HUNT

Approach is available in the REALTREE ADAPT™ camouflage so you can blend in completely with your surroundings. This set is extremely silent, making it especially suitable for those hunts where stealth is needed to get closer to your quarry. Approach is designed for the active hunter, offering freedom of movement, high breathability and comfort.

As well as the jacket, trousers and t-shirt, the Approach collection also includes a face mask, cap, and gloves – all of them available in REALTREE ADAPT™ camouflage. The trousers and jacket are equipped with the Deerhunter® Stormliner® membrane and the entire collection is impregnated with a highly water-repellent treatment. The collection is also extremely breathable, ensuring hunters stay comfortable on active hunts.

HEAT GAME

HUNT AT YOUR BEST WITH NATURAL SHADING AND ADJUSTABLE WARMTH

Designed for ultimate waterfowling and hunting success, the new HEAT GAME collection of hunting jackets and trousers blends the best of DEERHUNTER's signature functionality with REALTREE's extensive experience in perfecting camouflage patterns. The Realtree MAX-7™ camouflage fuses highly concealing contrast and shapes to break up the human outline at a distance while offering incredible detail when viewed up close; with strategically placed design elements featuring high-definition cattails, reeds, limbs, leaves and brush to conceal hunters in virtually any waterfowl environment. The HEAT GAME collection is also available in our subtle Wood colour.

Forming part of DEERHUNTER's high-tech HEAT collection, the jacket and trousers feature a smart integrated warming system that is activated and adjusted in just one click, so the heat can be dialled up when it is needed the most. Using our signature DEER-TEX® Performance Shell membrane and insulation, the collection is 100% waterproof, highly breathable and packed with practical details to get you closer to the hunt.

CHASSE

AN ALL-ROUND, FUNCTIONAL COLLECTION

Functional design is at the core of the Chasse collection, ensuring you're not only comfortable, but dry during all of your outdoor pursuits. Even in adverse weather thanks to the use of our signature Deer-Tex® Performance Shell membrane.

Crafted from quick drying material with a water-resistant treatment, it keeps you dry, whilst its breathable membrane keeps you comfortable when active. Deerhunter's signature 2-way stretch fabric offers you an optimal fit, without compromising on your freedom of movement.

CHASSE JACKET & TROUSERS

EXPLORE

BUILT FOR THE COLD AND MADE TO HUNT COMFORTABLY

Explore is an attractive, lightweight and silent hunting and outdoor collection in REALTREE ADAPT™ camouflage, REALTREE EDGE® Orange camouflage and in solid colour, Walnut.

This versatile collection consists of styles, adapted to both the cold, nordic climate as well as more temperate climates. The collection features the breathable Deer-Tex® Performance Shell membrane which, combined with a surface treatment and taped seams, ensures that the Explore collection is 100% waterproof.

MALLARD

DELIVERING MAXIMUM EFFECTIVENESS FOR YOUR WATERFOWL SUCCESS

An extremely functional hunting collection that has been specially developed for waterfowlers who are unwilling to compromise. The Mallard collection is packed with clever features such as magnetic closing pockets, front pockets with a metal clip opening system and much more. The entire Mallard collection is available in REALTREE's Max-5® camouflage, which has been developed specifically for hunting amongst reeds.

The Mallard jacket and trousers have a breathable Deer-Tex® double knitted twill Performance Shell membrane that makes the clothing 100% waterproof. In addition, the entire collection is crafted from a flexible and comfortable 4-way stretch fabric that delivers maximum comfort and freedom of movement.

RAM

**DESIGNED FOR THE HUNT,
MADE FOR THE COLD AND
REINFORCED TO WITHSTAND
NATURE'S FORCES**

The Ram collection comprises jackets, trousers, caps and gloves. Regardless of which type of hunting or outdoor activity you practice, you will find suitable attire in the Ram collection.

Ram features the signature Deer-Tex® Performance Shell membrane, which combined with a water-repellent surface treatment and taped seams, guarantees that you remain dry on your next outdoor experience. The Deer-Tex® Temp insulation ensures you stay warm when the temperatures fall. Ram comes with reinforcements in the most vulnerable areas and is both breathable and flexible, to deliver maximum comfort and freedom of movement on active hunts.

The Ram Arctic is leading the way, being the first in the market to feature the REALTREE EDGE® Red camouflage.

MUFLON

FUNCTIONAL DESIGN THAT MEETS THE PHYSICAL DEMANDS OF EVERY HUNT

The Muflon collection incorporates 3M™ Thinsulate™ insulation to keep you warm, as well as a Deer-Tex® membrane with a 5-year warranty, that keeps wind and water out whilst remaining breathable.

Muflon Light is a lightweight addition to the core Muflon collection and is designed for active hunting in a temperate climate. It offers soft and silent contrast fabric on the sides and under the arms of the clothing, to minimize noise. It features the Deer-Tex® double knitted twill Performance Shell membrane and ensuring it is windproof, waterproof and breathable.

The Muflon Extreme line is made of highly durable, windproof and waterproof jackets, trousers, mid-layers and accessories, is inspired by the functionality of the core range. It is reinforced with extra-strong, extra-durable Deer-Force fabric; guaranteed to protect from challenging and tough terrain in all weather conditions.

RUSKY

FOR UNCOMPROMISED COLD-WEATHER HUNTS

Deerhunter's improved Rusky collection, the Rusky Silent line, is ideal for autumn and winter hunting. With its unique fabric treatment, it is extremely silent enabling you to move in close to your quarry. The entire Rusky collection is equipped with many practical details that deliver a high level of comfort and functionality.

The jacket and trousers have an extra thick lining that is both wind and waterproof, combined with the Deer-Tex® membrane that is highly breathable, for additional comfort. Wearing the Rusky Silent line, a comfortable hunt is guaranteed.

RUSKY PILE MIX JACKET & ROGALAND STRETCH TROUSERS

PRO GAMEKEEPER / GAMEKEEPER

**DESIGNED FOR ALL
TERRAIN AND MADE FOR
EVERY TYPE OF HUNT**

The PRO Gamekeeper collection is made for professionals who know what is required of their clothing when hunting outdoors daily. PRO Gamekeeper is a durable collection for raw weather and tough terrain. The jackets come with the Deer-Tex® Performance Shell membrane and taped seams, making them 100% windproof, waterproof and breathable. PRO Gamekeeper also features waterproof zippers to keep water out, as well as ventilation zippers under the arms for extra comfort when physically active. PRO Gamekeeper is available in Realtree TIMBER® camouflage, solid colour Peat and traditional tweed-look pattern, Turf.

The Gamekeeper collection from Deerhunter is ideal for those who prefer an active hunt, where a traditional style hunting jacket could be too hot. The Gamekeeper Fleece jackets and waistcoats have many useful pockets, as well as the Deerhunter Stormliner® Membrane, which protects from wind and rain.

GERMANIA / WINGSHOOTER

HIGH-PERFORMING WARMTH FOR COLD-WEATHER HUNTS

Germania is a collection of soft, comfortable fiber pile jackets, socks and dog blankets. The design is simple and stylish. Germania is the perfect outerwear for the active outdoorsman and with its breathable, stretch fabric, it is well suited to a variety of outdoor pursuits.

The Wingshooter collection of fleeces and waistcoats are ideal for outdoor wear. On warmer days, the fleece jacket or waistcoat can be worn as an outer layer or when the temperature drops, pair them with a thicker jacket to act as a warm mid-layer.

MATOBO / ANTI-INSECT

LIGHTWEIGHT PROTECTION FOR SPRING- SUMMER PURSUITS

The Anti-insect trousers and shirt, with HHL treatment, will keep the bugs at bay while you explore the surroundings on your outdoor excursions. Designed to protect from insects, both the trousers and shirt are also highly comfortable with stretch material that offers flexibility and freedom of movement.

The lightweight Matobo collection of shirt, trousers and shorts with regenerated polyester and Deerhunter's signature two-way stretch fabric, is ideal for summer hikes and outdoor pursuits. Packed with all the best-loved functionality you come to expect from Deerhunter, such as multiple front and back pockets to securely stow your essentials when on the move.

ANTI-INSECT SHIRT AND TROUSERS WITH HHL TREATMENT

LOFOTEN / ROGALAND

**INSPIRED BY THE GREAT
OUTDOORS, FOR THE ACTIVE
OUTDOORSMAN**

These two collections are specially designed for those who work in the great outdoors. Lofoten is a robust collection with water and dirt-repellent surface treatment, making it very easy to clean and care for. The Lofoten collection is OEKO-TEX® certified, which guarantees that the garments contain no harmful substances.

Rogaland is a comfortable all-around hunting and outdoor collection comprising trousers, jackets, sweat and hoodies, all designed to match your outdoor needs. The Rogaland range is highly versatile, making it a very popular Deerhunter collection.

STRIKE

INSPIRED BY NATURE AND MADE FOR ADVENTURE

The Strike collection is made with comfortable four-way stretch material, with pre-shaped knees for extra comfort and a good fit. The collection also features a water repellent treatment which dispels water and stains, ensuring that the clothes dry fast.

The Strike range is available in many attractive colour combinations, so you can choose the one that best suits your style and outdoor pursuit.

With the Strike Extreme collection, you are well equipped for all weather conditions. Available in an orange colour to ensure that you are visible to others, as well as a solid green. The Strike Extreme is made for challenging terrain and designed to ensure increased mobility with 4-way stretch areas. The collection comes both with and without a membrane, so you can tailor your wardrobe to your needs.

INSULATED SWEAT JACKET & STRIKE SHORTS

NORTHWARD / STRASBOURG / TRAVELER

BUILT TO PERFORM FOR OUTDOOR EXPEDITIONS

The Northward collection consists functional outdoor trousers and shorts with a modern fit. The durable, breathable, 4-way stretch fabric ensures a comfortable outdoor experience.

The Strasbourg Leather Trousers are made of the finest azo-free buffalo leather. Strasbourg offers a great fit, making it both stylish and practical.

Ideal for spring-summer adventures, the lightweight cotton blend Deerhunter® Traveler collection blends functional design with our signature 2-way stretch for optimal flexibility when hitting the trails. Treated with a fluorocarbon-free water-repellent finish for peace of mind, the trousers are packed with functional features such as perfectly placed, practical pockets for easy access when on-the-go, as well as a smart double hem so that the length can be easily adjusted for the ideal fit.

SAREK / DENVER

HIGH-PERFORMANCE OUTDOOR WEAR

Waterproof, breathable and windproof, the highly functional Deerhunter Sarek collection of jackets and trousers is designed to protect and made for ultimate comfort in the great outdoors. With Deerhunter's signature 4-way stretch for maximum freedom of movement and the Deer-Tex® Performance Shell membrane for lightweight, 100% waterproof protection, the range is also treated with a fluorocarbon-free water-repellent finish for peace of mind. Knitted jackets are also available in this range, which make an ideal mid-layer accompaniment to Sarek outerwear.

Water-repellent, breathable and comfortably warm, the Denver jackets are a winter essential in any outdoor wardrobe. With a sleek minimalist look and functional design, choose the extra insulation from the winter jacket model, with added 2-way stretch for increased mobility as well as a warm, soft fleece lining. It's also treated with a fluorocarbon-free water-repellent finish for peace of mind. Or, add a practical mid-layer Denver fleece to your collection, with signature stretch and functional design for everyday adventures.

HEAT

WINTER-WARMING LAYERS WITH HI-TECH HEAT

Deerhunter's HEAT collection comes with an integrated HEAT system that is easily activated with a single click.

The heat intensity is adjustable and illustrated by the built-in LED light, which indicates the three heat levels available.

Deerhunter's HEAT garments can easily be machine washed by simply removing the power bank and attaching a small cover to the plug for protection. All of this is without damaging the electrical HEAT system.

INSTRUCTIONS

Charging the powerbank

Charge the powerbank by using the USB / Micro-USB cable, which is included in the package. The four small LED lights on the powerbank indicates the status of the charging process. As soon as all the LED lights are on, unplug the charger and the powerbank is now ready for use.

How to use your new HEAT product

Attach the powerbank to the cable inside of the product by using the USB port.

Turn on the powerbank by pressing the ON/OFF button on the side. After activated, place the powerbank in the pocket.

To activate the heat function press and hold the power button until the light turns on.

Choose one of following temperatures:

Red light - high temperature.

Green light – medium temperature.

Blue light – low temperature.

To turn off the heat function press and hold the power button for 3 seconds or until the light turns off.

The ON/OFF button on the powerbank will then automatically turn off after approximately 1 minute. The heat functions can also be turned off by holding down the ON/OFF button on the powerbank for at least 10 sec.

To restart the heat function please press the ON/OFF button on the powerbank and turn on the heat function by pressing the power button until the light turns on again.

Wash and care

1. Always remove the powerbank when washing your heat product and make sure to put on the safety stopper on the USB cable during washing to protect it.
2. Use a gentle program of maximum 30°C without softener.
3. No dry clean.
4. No ironing.

Furthermore, we recommend

Always charge the powerbank until it is fully charged. Avoid overcharging your power bank as this can cause its battery life to decrease.

Please disconnect and remove the powerbank before long time storage.

All the components of the HEAT system are securely tested as well as they are CE and RoHS approved. Your safety is our concern!

Tested up to 10.000 mAh.

RAINWEAR

DESIGNED TO PROTECT, WHEN WET WEATHER ATTACKS

Hunters and outdoor enthusiasts are drawn outside by the urge to experience nature to the fullest. But, sometimes good rainwear is needed to avoid a washout!

We offer a wide range of pullover rainwear sets, to be worn over your hunting or outdoor apparel. Designed for ease, they can be taken on and off quickly, so you are ready for rain or sun in an instant.

Rainwear for the hunter and outdoor enthusiasts must, like other outdoor apparel, offer a high degree of comfort and movement.

**LOOK SMART AND FEEL
COMFORTABLE FOR EVERY
OUTDOOR OCCASION**

Deerhunter® shirts come in several variants, ranging from classic cotton shirts to high-tech models.

Featuring a number of design details, such as pleats in the back for enhanced freedom of movement and a superior fit, suede patches on the elbows for additional reinforcement and practical chest pockets, they are as functional as they are stylish.

All of Deerhunter's outdoor and hunting shirts are machine washable and easy to iron, so they can be worn again and again for everyday use, hunting and outdoor pursuits.

UNDERWEAR / INNER LAYERS

COMFORT STARTS WITH THE LAYER THAT TOUCHES YOUR SKIN

The inner layer of clothing, which lies next to the skin, needs to be both comfortable and functional. It must keep the body warm and wick perspiration away so that you don't feel clammy and cold. When choosing your inner layers, you should consider the outdoor temperature and the degree of physical activity.

Usually, synthetic fabrics are recommended for warmer weather and for when you're being physically active. In cold weather with low levels of physical activity, you should choose wool.

Deerhunter's underwear and inner layers are specially manufactured to meet the needs of both hunters and outdoor enthusiasts. Don't underestimate the importance of good underwear! They are the hunters' best friend when the cold sets in and the yearning to hunt pushes you outside.

WOMEN'S

EVERYTHING THE MODERN-DAY FEMALE HUNTER OR EXPLORER NEEDS, FOR ALL HER ADVENTURES

Whether you are into stalking, game bird shooting or just walking the dog, Deerhunter's women's collection has you covered. The collections are designed for different types of terrain and climate, to keep you comfortable, warm and dry.

Deerhunter® has drawn inspiration from some of our best-selling collections for men and adapted the design to suit the female form. The jackets have an adjustable waistline for a more flattering fit but still roomy and ergonomic pockets as well as a detachable hood. The range of extremely soft quilted jackets and waistcoats are designed to fit well and are very comfortable to wear. The women's shirts come in a stylish cut and are available in multiple colours and variations.

In the Deerhunter® women's range you will find many types of hunting and outdoor trousers featuring our signature stretch, reinforcement and the Deer-Tex® membrane.

We have everything the female adventurer needs to be comfortable in the great outdoors.

INSTRUCTIONS

Charging the powerbank

Charge the powerbank by using the USB / Micro-USB cable, which is included in the package. The four small LED lights on the powerbank indicates the status of the charging process. As soon as all the LED lights are on, unplug the charger and the powerbank is now ready for use.

How to use your new HEAT product

Attach the powerbank to the cable inside of the product by using the USB port.

Turn on the powerbank by pressing the ON/OFF button on the side. After activated, place the powerbank in the pocket.

To activate the heat function press and hold the power button until the light turns on.

Choose one of following temperatures:

Red light - high temperature.

Green light – medium temperature.

Blue light – low temperature.

To turn off the heat function press and hold the power button for 3 seconds or until the light turns off.

The ON/OFF button on the powerbank will then automatically turn off after approximately 1 minute. The heat functions can also be turned off by holding down the ON/OFF button on the powerbank for at least 10 sec.

To restart the heat function please press the ON/OFF button on the powerbank and turn on the heat function by pressing the power button until the light turns on again.

Wash and care

1. Always remove the powerbank when washing your heat product and make sure to put on the safety stopper on the USB cable during washing to protect it.
2. Use a gentle program of maximum 30°C without softener.
3. No dry clean.
4. No ironing.

Furthermore, we recommend

Always charge the powerbank until it is fully charged. Avoid overcharging your power bank as this can cause its battery life to decrease.

Please disconnect and remove the powerbank before long time storage.

All the components of the HEAT system are securely tested as well as they are CE and RoHS approved. Your safety is our concern!

Tested up to 10.000 mAh.

YOUTH

FOR YOUNG EXPLORERS WITH BIG ADVENTURES

Made for young explorers and ideal for adventures big and small, Deerhunter's Youth collection combines the best of functional design and material innovation with perfectly proportioned dimensions for the younger adventurers of the family. Built to be tough, the collection features extra durable materials and signature stretch fabrics so the Youth outerwear can be put to the test, whether it be hard play outdoors in all weathers or wild adventures in nature. Thoughtfully designed with elasticated waistbands, pre-shaped knees and adjustable velcro straps on cuffs and ankles, ensures a good fit for all.

ACCESSORIES

THE RIGHT KIT

Accessories are all the small essentials that make a big difference when out hunting, exploring or hiking in nature.

On rainy or cold winter days, it's important to have the right gear that keeps you dry and warm – especially your feet, neck, head and hands, which are all exposed to the elements. With our wide range of accessories from hats, gloves and socks, to suit all outdoor activities, we have you covered, no matter the weather.

ADVENTURER FELT HAT

VARIOUS

WE PUT EVERY PRODUCT TO THE TEST BY HUNTERS AND OUTDOOR ADVENTURER

In consultation with hunters and outdoor enthusiasts through extensive testing, Deerhunter's design team assesses which combination of materials is best for a particular product. That is why Deerhunter uses materials that are both durable and flexible, so as not to restrict your freedom of movement when active outdoors.

When stalking, the hunter needs silent stretchable materials to move easily, effortlessly and silently across all terrain. Dog handlers and beaters often need a specific outfit with a very breathable membrane, as well as extra reinforcement, for active days on foot.

It is important that you choose products which are suitable for your chosen pursuit, conditions and terrain.

If you are in doubt of how to find the right size, we have made it easy for you with our size guide. With your measurements in hand, you can quickly find the right size for you.

QUICK DRY

Products treated with quick dry are breathable, and dry faster than other garments. Body moisture is absorbed, and wicked away from the skin so that it evaporates. Consequently, it's easier for you to maintain a stable body temperature and stay dry when hunting.

LEATHER

All hunters should own a pair of sturdy leather trousers for hunting! Leather is a very comfortable material, and you can almost walk through anything – they just last. In particular, dog handlers walking through thick vegetation will greatly appreciate wearing leather trousers – in addition to which they are wonderfully warm on cold days.

REINFORCEMENT

If you're stalking your way to your dream buck, or walking across hard terrain, your hunting apparel will be subjected to extra wear and tear. Here, extra reinforcement and durable materials are required.

AZO FREE

During the dyeing process AZO free dyeing have been used. Deerhunter products tagged with AZO free are free of chemicals.

LIGHTWEIGHT

Lightweight clothing from Deerhunter ensures a comfortable hunting experience and provides extra freedom of movement without adding extra weight.

MULESING FREE

Mulesing is a practice in which sections of wool-bearing skin are removed from around the breech of a sheep, to prevent the parasitic infection flystrike. By using mulesing-free merino wool, Deerhunter supports high animal welfare standards.

100% WATERPROOF

Wet and sodden hunting apparel can quickly mar a good hunting expedition. Deerhunter therefore always recommends waterproof products for hunting in rainy weather. A special combination of materials and processes enables us to develop products which are 100% waterproof.

RECYCLED MATERIAL

This symbol indicates that regenerated polyester has been used in the product. You can see the percentage used in the relevant product composition.

MEMBRANE WARRANTY

Five-year warranty on manufacturing defects in the Deer-Tex® membrane. The Deer-Tex® membrane warranty only covers manufacturing defects.

RECHARGEABLE POWERBANK

This product comes with a rechargeable powerbank. The powerbank must be removed before washing.

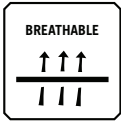

ANTI-BACTERIAL

Anti-bacterial fabric consists of fibres which have been treated to eliminate bacteria growth, reducing the risk of spreading infection whilst also reducing odour, by preventing bacteria attaching to sweat or moisture when the fabric is worn.

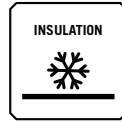

ADJUSTABLE LENGTH

The trousers have an extra wide tuck designed to extend the length of the trousers, if needed. A single seam is undone and gives the trousers extra leg length – and remain properly seamed.

BREATHABLE

No matter in which weather situation you find yourself, choosing a breathable Deerhunter® product, allows you to maintain your comfort while being active and subsequently enjoy your experience more.

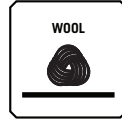

INSULATION

If you want to hunt in very cold temperatures, you will benefit greatly from choosing hunting apparel with insulation. Padding or insulation is designed to keep you warm. It is important that you are able to maintain a stable body temperature throughout the day so that you don't freeze.

THORNPROOF

When nature challenges us in tough terrain, it demands even more of our hunting apparel. Here, Deerhunter has developed its Thornproof products, which are made from extra strong fabrics with the sole purpose of being able to withstand scrub and thorns.

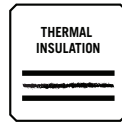

WOOL

Wool is warmer than synthetic fabrics – whether it's wet or dry. Wool wicks moisture much more effectively than cotton, but not quite as well as synthetic fabrics. Wool also takes considerably longer to dry than synthetics.

TWO-WAY STRETCH

If you require extra freedom of movement and a good fit, choose one of Deerhunter's products with stretch. Using materials with two-way stretch makes the hunting apparel stretchable, which enhances your freedom of movement.

THERMAL INSULATION

If you want to hunt in very cold temperatures, you will benefit greatly from choosing hunting apparel with insulation. Padding or insulation is designed to keep you warm. It is important that you are able to maintain a stable body temperature throughout the day so that you don't freeze.

FOUR-WAY STRETCH

When choosing hunting apparel, and you need maximum flexibility, freedom of movement and a good fit, you should choose Deerhunter's products with four-way stretch. Hunting apparel with four-way stretch is elastic both lengthways and widthways, enabling you to move around freely without feeling constricted by your clothing.

WINDPROOF

If you choose one of Deerhunter's products which have a membrane, it will automatically be windproof. Windproofing is the garment's ability to keep the wind out. If you sit for a long time in a strong breeze, you will quickly appreciate the fact that the garment is windproof.

SILENT

Noisy hunting apparel can quickly ruin a good stalk or hunting expedition. Our specially selected silent fabric has been chosen to minimize noise and the design have been optimized to reduce friction around the arm and leg area. Get closer to the animals with Deerhunter Silent.

WATER REPELLENT

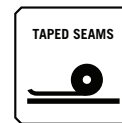

Products impregnated with water repellent treatment are water- and dirt-resistant. Stains are easy to remove and has a very smooth surface.

WATERPROOF & BREATHABILITY

Water penetration resistance is measured in "millimetre water column pressure". The water column pressure is measured by placing a liquid column gauge over the material so that material with water penetration resistance for example 10.000 mm can keep water out from a ten metre (10.000 mm) gauge.

MVP value indicates breathability of a membrane. MVP value is an expression of the quantity of water vapour that can escape through one square meter of a membrane within 24 hours. A breathable product rated at for example 10.000 can therefore "breathe" 10.000 g (10 litres) water vapour per square metre in 24 hours.

TAPED SEAMS

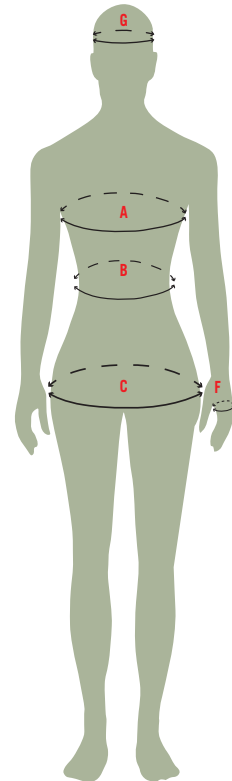

Deerhunter's technical hunting products feature taped seams. Taped seams are often used in connection with different types of membrane to ensure you avoid a wet and sodden hunting experience. Products tagged with taped seams are 100% waterproof.

SIZE GUIDE

THIS IS HOW TO MEASURE YOURSELF CORRECTLY

Get someone to help you so you can measure more exactly. Stand in a relaxed position. Place the measuring tape directly on your body. The tape should be reasonably tight, but not too tight. If you allow enough space to slide a finger under the tape, you will get the correct measurements
